OUR MISSION

> We consider skin as the mirror of our mental wellbeing, physical state and the daily choices we make.

Our mission is to promote a soulful, healthy and sustainable lifestyle, with advanced science-based conscious solutions to visibly improve skin, body and mind.

OUR HISTORY

ITALIAN ROOTS. MULTICULTURAL VISION

[comfort zone] was conceived in Parma, Italy, in 1996 as the skincare division of Davines Group, a family-owned company still in the caring hands of the Bollati Family.

What began as a research laboratory and manufacturing site for the development of high-quality formulas has grown into an internationally awarded and distributed professional range of spa treatments and home care.

The evolution of [comfort zone] is being shaped by our President, Dr. Davide Bollati, whose dynamic vision and commitment to excellence through tireless research is grounded in a scientific background as a pharmacist and cosmetic chemist.

OUR ESSENCE

SKIN CARE SCIENCE WITH A SOUL

SKIN IS OUR FOCUS

Our constant research aims to understand the skin and how to best guarantee its beauty and vitality.

SCIENCE IS OUR GUIDE

The most advanced medical and scientific studies guide us in our continuous improvement and pursuit of excellence.

SOUL IS OUR CARE FOR THE PEOPLE AND THE WORLD AROUND US

We deal with people, not just with their skin.
Our higher purpose is to help and encourage them to take care of themselves in a sustainable, soulful way.

PEOPLE USING BUSINESS AS A FORCE GOOD

OUR COMMITMENT B CORP CERTIFICATION

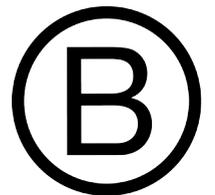

› We want to be the change we seek in the world and therefore we have chosen the route of responsible enterprise, a way of doing business that aims to create a positive, significant impact in the society.

Since 2016, we are a B Corporation, a new type of company that voluntarily respects the highest standards of vision, responsibility and transparency, and enacts innovations improving the life of the community and the environment.

Our yearly Corporate Sustainability Report affirms our achievements and our goals in the endless path of continuous improvement.

The Davines Village, our new headquarters which will be open in 2018, will be the House of Sustainability and fully express our vision and values.

OUR FORMULATIVE PHILOSOPHY

SCIENCE-BASED CONSCIOUS FORMULAS™

Since skincare products feed and nourish the skin, we are extremely rigorous about what goes into our formulas.

Priority is given to the use of natural-origin ingredients, which achieves very high percentages, up to 99%. When safer and more effective, our formulators use advanced high-tech molecules and innovative carrier structures to maximize efficacy and safety.

All the products, strictly conceived and manufactured in Italy, do not contain parabens, or mineral oil, and most importantly they are silicone-free. Silicones have been substituted with oils and butters for a “real active beauty”.

All our formulas are dermatologically tested and we only use clinically-tested fragrances.

FREE FROM
SILICONES, PARABENS,
MINERAL OILS, ARTIFICIAL COLORS,
ANIMAL DERIVATIVES, SLES.

OUR EXPERTS MULTIDISCIPLINARY SCIENTIFIC COMMITTEE

We constantly collaborate with a team of doctors and scientists so that every skin care solution is the most innovative and effective integrated response to a specific skin need.

Their findings support the development of new projects.

OUR PROFESSIONAL APPROACH

EXPERTISE AND EMPATHY

> We believe that taking care of oneself and others is noble. It is not just pampering and self-indulgence: it is honoring our skin and body and promoting beauty as the result of balance, health and vitality. In doing so, the role of the therapist and esthetician is key. We celebrate their competent and loving hands with the symbolic parenthesis of our logo.

OUR EDUCATION

STRONG FOUNDATIONS FOR CONTINUAL GROWTH
